BOTOX AND FILLERS

BOTOX can be used to reduce the formation of wrinkles, soften deep facial lines and rejuvenate the appearance of an aging face. Results are seen in 7-10 days post treatment.

FILLERS are used in: volume replacement, lip enhancement and eliminating fine lines and wrinkles. Hyaluronic Acid is injected into the skin to add volume, improve skin elasticity and hydrate the skin. Immediate Results!

**MICRO-NEEDLING/
COLLAGEN INDUCTION THERAPY**

The Eclipse MicroPen is used to create controlled micro-injuries to the skin in order to aid in the production of collagen and elastin resulting in a thicker epidermis with softer appearance of wrinkles. Eclipse MicroPen also creates micro-channels which allow topical gels, creams and serums to be absorbed more effectively, enhancing the effects in deeper layers of the skin.

PLATELET RICH PLASMA (PRP)

PRP stands for "Platelet Rich Plasma" and is a treatment method which utilizes the components of your own blood to regenerate your skin. PRP is the component of your blood that is extracted and used to accelerate the health process. PRP causes new collagen to form at the treatment site and allows for long lasting tissue rejuvenation by your own cells.

LASH LIFT & TINT \$75.00 (65 Minutes)

Lash Lift is the newest in semi-permanent lash curling that works with your natural lashes. This is unlike the traditional perming system of wrapping lashes around a sponge rod, which can cause the lashes to over-curl and look short and stubby. Instead, Lash Lift uses different sizes of silicone pads and each lash is "lifted" individually, creating a perfect curl for your lash length. With lifted lashes, your eyes immediately open up and lashes appear fuller and longer and safe for your eyes and natural lashes. **AVOID THE FOLLOWING FOR AT LEAST 24 HOURS AFTER SERVICE:** Washing and steaming the lashes, mascara, direct sunlight, oil-based products on the lashes.

Certified with Lash Forever Canada.

MICRODERMABRASION* \$140.00 (75 minutes)

Microdermabrasion systems are designed to gradually erase flaws and blemishes. Each pass removes a precise amount of surface cells, allowing softer, brighter skin to emerge. Powerful exfoliation and vacuum action encourage the refreshment of stratum corneum improving your skin's appearance and reviving your youthful glow. This treatment is designed to refine pores, exfoliate coarse skin and reduce uneven pigmentation while smoothing superficial scars and blemishes. Microdermabrasion is the perfect complement to your product routine. By revealing new layers of the epidermis, the treatment allows creams and serums to further penetrate your skin.

COLLAGEN FACIAL & ENZYMATIC PEEL \$95.00 (60 minutes)

This combined treatment starts with an enzyme peeling Aloe Vera exfoliant. Natural enzymes digest proteins and fats removing surface dead cells. The aloe reduces inflammation and dryness. Followed by an extremely hydrating pure plant collagen mask treatment that increases the revitalization of the skin's own stem cells. By reducing fine lines and wrinkles, strengthening blood vessels and preventing and calming visible irritation. This mask will leave skin tissue restored due to the nutrient agents in mask.

DEEP SEA FACIAL & ENZYMATIC PEEL \$95.00 (60 minutes)

Skin purifying, with essential Marine Extracts, customized to your individual skin care needs. The alginate mask creates an occlusive cover on the skin that encourages the penetration of the masks active ingredients while deeply moisturizing. The mask can be applied all over the face including eyes and lips. Leaves skin hydrated, fresh and toned. Target specific skin problems that occur as a result of environmental pollutants, aging, stress and sun. All prescribed masks will oxygenate the skin, regenerate cell and skin tissue and detoxify releasing impurities from the skin. Clients can choose from: Dead Sea, Spirulina, Vitamin C, Bio-Marine, Extreme Hydration, Skin Fading, and Hibiscus Algae. Results are immediate.

EMINENCE ORGANICS FACIALS

BROW LAMINATION (INCLUDES WAX & TINT) \$80.00

Also known as a brow lift; a brow lamination is essentially a brow perm. Upturned brow hairs create an illusion of fuller eyebrows without the need for tattooing, brow gel or brushing them into place everyday. Brow lamination typically lasts for 6-12 weeks.

Benefits of Brow Lamination:

- Add length and perceived volume to your eyebrows
- Ideal for both very thin and thick, unruly brows
- Eliminates stray hairs on brows that are growing down, are straight or don't have a shape at all
- Results is natural looking brows with perfect shape, super easy to style
- Brows will be richer in colour while looking healthier
- No makeup, no permanent tattooing and no pain

How does brow lamination work?

- The brow artist applies glue to the brow hair with a comb to position it into place
- A perming solution is applied to lift/reshape brows
- "Setting" solution will keep the new shape in place
- Brows are then tinted and waxed to add further shape and definition
